An Accountancy Corporation
Certified Public Accountant

6234 BIRDCAGE STREET • CITRUS HEIGHTS, CA 95610-5949 • (916) 723-2555

December 12, 2016

To the Board of Directors
Foresthill Fire Protection District
Foresthill, California

We have audited the financial statements of Foresthill Fire Protection District as of and for the year ended June 30, 2016. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the State Controller's Minimum Audit Requirements for California Special Districts.

In planning and performing our audit of the financial statements of Foresthill Fire Protection District as of and for the year ended June 30, 2016, in accordance with auditing standards generally accepted in the United States of America, we considered Foresthill Fire Protection District's internal control over financial reporting (internal control) as a basis for designing our auditing procedures but not for the purpose of expressing our opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we have enclosed other recommendations for your consideration.

This communication is intended solely for the information and use of management and Board of Directors and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Robert W. Johnson, An Accountancy Corporation

Robert W. Johnson, An Accountancy Corporation

1. Comparison of Operating Results:

	Statement of Activities		Favorable (Unfavorable)
	June 30, <u>2016</u>	June 30, <u>2015</u>	<u>Variance</u>
Revenues	\$1,544,297	\$1,365,820	\$ 178,477
Expenses	<u>1,587,853</u>	<u>1,354,046</u>	(<u>233,807</u>)
Net income (loss)	\$(<u>43,556</u>)	\$ <u>11,774</u>	\$(<u>55,330</u>)
Cash	\$ <u>604,000</u>	\$ <u>603,875</u>	\$ <u>125</u>

Observation:

- Both revenues and expenses increased in 2016 resulting in a decrease of \$55,330 in net income.
- It is suggested the District carefully monitor monthly cash flow in 2017.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Foresthill Fire Protection District
Foresthill, California

Report on the Financial Statements

We have audited the accompanying financial statements of Foresthill Fire Protection District, as of and for the year ended June 30, 2016, as listed in the table of contents, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the State Controller's Minimum Audit Requirements for California Special Districts. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Foresthill Fire Protection District as of June 30, 2016, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America, as well as the accounting systems prescribed by the State Controller's Office and State Regulations governing Special Districts.

Other Matters

Required Supplementary Information

The Management's Discussion and Analysis is not a required part of the financial statements but is supplemental information required by the Government Auditing Standards Board. Management has elected to omit the Management's Discussion and Analysis.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

FORESTHILL FIRE PROTECTION DISTRICT
NOTES TO FINANCIAL STATEMENTS

1. Organization:

Foresthill Fire Protection District (the "District") exists in order to provide Local Services relating to the Protection of Lives and Property which are critical to the Public Peace, Health and Safety of the Community and Visitors of Foresthill.

The Board of Directors has continuously provided Fire Protection Services, First-Responder Emergency Medical Services, Rescue Services, Hazardous Material Emergency Response Services, and Other Services relating to the Protection of Life and Property to the best of their ability given their budgetary restraints.

Foresthill Fire Protection District is located in Placer County, East of Interstate 80 and includes an unincorporated area that serves as residence for approximately 6,000 persons. The District covers an area of about 81 square miles and is also responsible for 500 square miles covered by our Ambulance contract with Sierra Sacramento Valley EMS. The District consists of scattered semi-urban residential clusters and forested lands. The District is semi-rural, semi-urban with low density development.

The District has an Administrative Office housing the Fire Chief, Deputy Fire Marshal/Operations Battalion Chief, Human Resources/Admin Clerk and Training Room. The fiscal management of the District is run through this location.

The District has Three Fire Stations. Station 88 equipped with one Type I Engine, one Type III Brush Engine and 1 ALS Ambulance. Station 90 equipped with one Type I Engine, one Type III Brush Engine 1 ALS Ambulance and Rescue Unit. Station 89 equipped with one Water Tender. These Stations are manned by a combination of 8 Full Time, and 10 Part time employees. The Station 88 and 90 Ambulance and Engines are covered by one Full Time ALS or BLS Captain or Lieutenant and one Part Time ALS or BLS Firefighter 24 hours a day 7 days a week. Station 89 is unmanned.

Our current ISO rating is, residence living in the Foresthill Fire Protection District boundaries, within 5 miles of a fire station and within 1000 feet of a fire hydrant will now have an ISO rating of class 3/3Y, beyond 1000 feet of a hydrant but within 5 miles of a fire station would be a special 8B classification and beyond 5 road miles of a fire station will be rated a class 10. This is on a scale of 1 to 10 where "1" is the best.

The District averages 600-650 calls per year. Seventy-five percent of which are Medical aides.

FORESTHILL FIRE PROTECTION DISTRICT
NOTES TO FINANCIAL STATEMENTS, continued

2. Summary of Significant Accounting Policies:

The financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is the standard-setting body for establishing GAAP for state and local government organizations. The District's significant accounting policies are described below.

Measurement Focus and Basis of Accounting

The District reports a *General Fund* that is used to account for all financial resources except those required or designated by the Board of Directors to be accounted for in another fund.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flow takes place. Non-exchange transactions, in which the District gives or receives value without directly receiving or giving equal value in exchange, include property taxes, grants, entitlements and donations. Revenues from grants, entitlements and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers revenues to be available if they are collectible in the current period or soon enough thereafter to be used to pay liabilities of the current period. Revenues that are accrued include property taxes, interest income, and charges for current services. Revenues that are not accrued include permits and fines, forfeitures, and penalties, if applicable. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due. General capital assets are reported as expenditures in governmental funds. Proceeds of general long-term and capital assets are reported as other financing sources.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in the government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

FORESTHILL FIRE PROTECTION DISTRICT
NOTES TO FINANCIAL STATEMENTS, continued

2. Summary of Significant Accounting Policies (continued):

Capital Assets

Capital assets are recorded at historical cost if purchased or constructed. Amortization of assets acquired under capital lease and purchased goodwill is included in depreciation. Structures and equipment and goodwill are depreciated using the straight-line method over their estimated useful lives.

Budgets

In accordance with the provisions of Sections 13901 through 13906 of the California Health & Safety Code and other statutory provisions, commonly known as the Budget Act, the District prepares and legally adopts a final budget for each fiscal year.

Investments

The District maintains cash balances with the Treasurer of Placer County in an interest-bearing pooled investment account.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results may differ from those estimates.

FORESTHILL FIRE PROTECTION DISTRICT
 NOTES TO FINANCIAL STATEMENTS, continued

2. Summary of Significant Accounting Policies (continued):

Property Taxes

The District receives property taxes from Placer County. Property taxes receivable are recorded in the fiscal year for which the tax is levied based on the assessed value as of September 1 of the preceding fiscal year. They become a lien on the first day of the year they are levied. Secured property tax is levied on September 1 and due in two installments, on November 1 and March 1. They become delinquent on December 10 and April 10, respectively. Unsecured property taxes are levied on July 1, and become delinquent on August 31. The District elected to receive the property taxes from the County under the Teeter Bill Program. Under this Program, the District receives 100% of the levied property taxes in periodic payments, with the County assuming responsibility for delinquencies.

3. Cash and Investments:

The District maintains certain portions of its funds with Placer County. The County is authorized to deposit cash and invest excess funds by the California Government code Section 53648 et. seq. The funds maintained by the County are secured by federal depository insurance.

At year-end the carrying amount of the District's deposits was \$91,607 and the bank balance was \$91,268.

	Balance June 30 <u>2016</u>
Checking (2 accounts)	\$ 91,607

	<u>\$2,572,758</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$2,572,758</u>

5. Risk of Loss:

Foresthill Fire Protection District is exposed to various risks of loss related to theft of, damage to, and destruction of assets; and injuries to employees. During the 2016 fiscal year, the District purchased certain commercial insurance coverages to provide for these risks.

7. Subsequent Events:

Management has evaluated subsequent events through December 12, 2016, the date these June 30, 2016 financial statements were available to be issued.

8. Employee Retirement Plan:

In 2013 the District implemented an Internal Revenue Code Section 457(b) deferred compensation retirement for the benefit of its eligible employees. The Plan allows for elective contributions by employees. The maximum amount the District will contribute toward each employee's account per month is \$475.

9. Management Agreement:

In 2014 the District contracted with another fire district for the purchase of Fire Chief and administrative services. The District subsequently renewed this annual agreement through June 30, 2017 at a total sum of \$65,000. In addition there is a provision for reimbursement of direct expenses.
